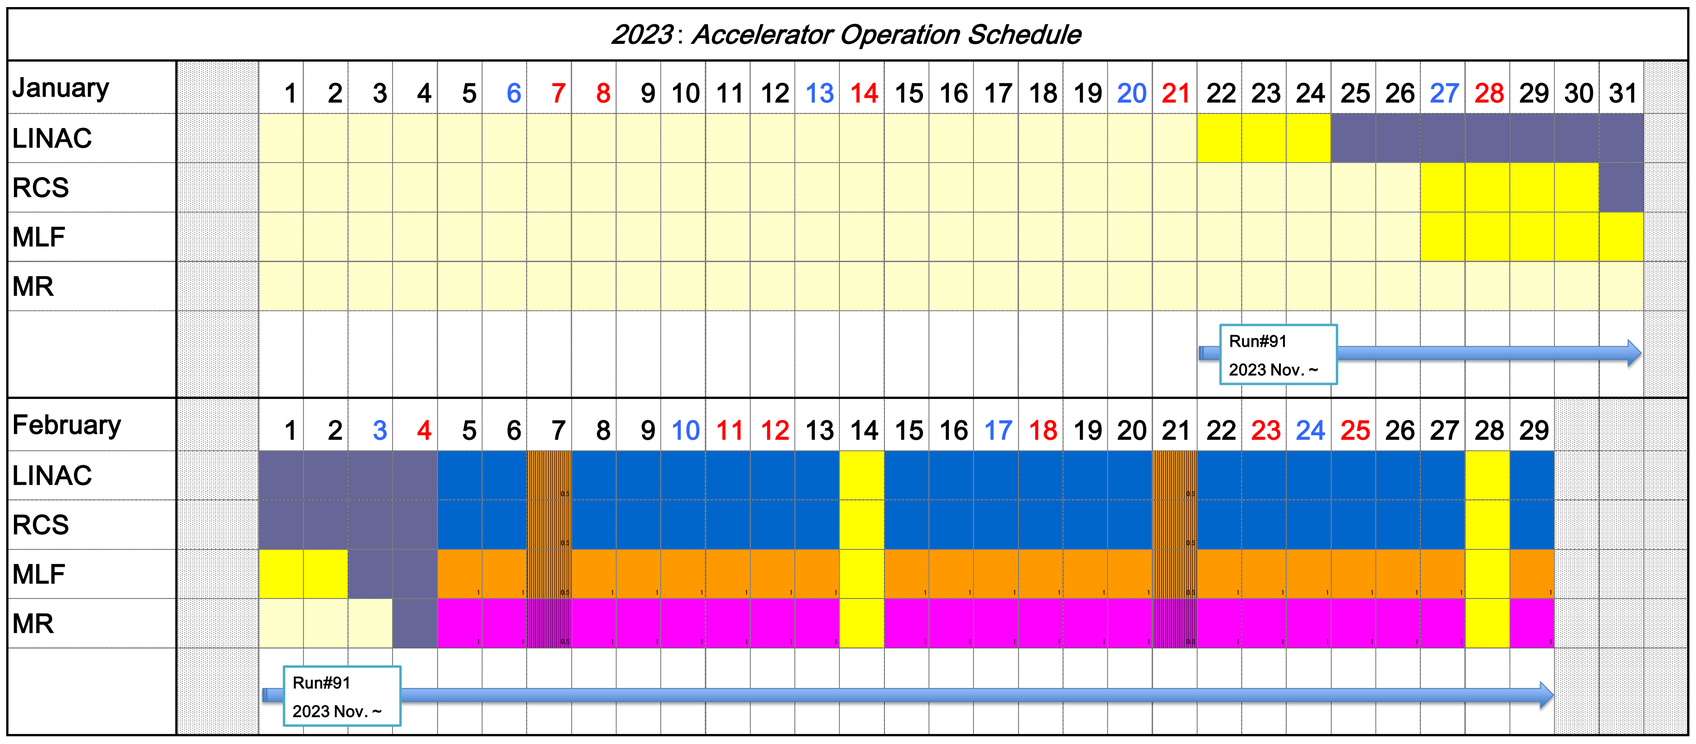
Plan for operation schedule for FY2023

Linac：Linear accelerator　MR：50 GeV synchrotron

RCS：3 GeV synchrotron　MLF：Materials and Life Science Experimental Facility



Maintenance
Long shutdown/ Maintenance

Tuning&Study
Linac, RCS Half-day Study

User operation
Half day beam delivery

MLF user operation
MLF half day user operation

MR user operation
MR half day user operation

Maintenance in half a day /
Study in half a day

※The operation schedule of MR is a tentative version and it may be possible to change in the future.
